Social Information: Brewer's Alley - Frederick's first Brewpub. The name itself is taken from a page of history. Brewer's Alley was located on what is currently South Court Street. Beer production in Frederick ceased in 1901 when a large fire consumed the brewery of John Kuhn, who was the last in a long line of brewers to occupy space along the banks of Carroll Creek. Brewer's Alley opened in July of 1996 and has been serving beers and food ever since.
